

# DYNA-GRO™ Plant Care System

*The Dyna-Gro Plant Care System makes it easy to grow healthy plants indoors and outdoors.*

Now feeding with every watering is simple. There is no messy mixing or measuring of plant foods. The pump makes it easy to dispense the right amount of plant food every time. When the bottle is empty, just snap in a new bottle and your ready to feed again.

- Urea Free Formulas
- Easy Pump and Feed
- Contain 16 Essential Mineral Elements
- Same Formulas Used by Professionals

Designed by plant care professionals for the plantscape maintenance industry, it is now available to everyone.

## Dyna-Gro is Safe and Easy to Use

Dyna-Gro Grow 7-9-5 nutrient formula is safe to use on all plants. It will not harm fish in ponds or fish tanks. Dyna-Gro single solution nutrient formula mixes easily with water and when diluted does not have to be used all at once.

*Dyna-Gro has received the National Home Gardening Club member tested Seal of Approval*

# DYNA-GRO™

The Nutrition Solution®

# DYNA-GRO Plant Care System with GROW 7-9-5 Complete Nutrition Formula

## The Dyna-Gro Difference

Dyna-Gro nutrients were developed over 30 years ago from research in the science of hydroponics (growing without soil) where plants must be supplied with all of their essential nutrients in solution. In time, even the best soil will become depleted as the plant takes up available nutrients. While adding incomplete fertilizers may keep your plants alive, only a balanced source of all essential elements will produce optimum plant growth and health.

## The Only Formulas with Complete Nutrition

Dyna-Gro is more than a fertilizer. Dyna-Gro is “The Nutrition Solution”® – the only formulas containing all the mineral elements required for optimum plant growth. Ordinary fertilizers are incomplete. Many only contain N-P-K! Some contain additional elements but are still not complete.

Only Dyna-Gro formulas contain all 16 of the minerals essential for plant growth in one, easy to use, liquid concentrate. Omission of any one of these minerals will result in either abnormal growth, the failure to complete all life cycle functions or premature death.

With Dyna-Gro, simply dilute “The Nutrition Solution”® to the desired concentration with the assurance that all macro and micro nutrients are present in the proper ratios.

## Urea Free Formulas

Most fertilizers contain urea, a form of nitrogen unusable by plants until broken down by soil microbes or urease. Dyna-Gro nutrient formulas contain only two forms of nitrogen, nitrate and ammoniacal, which are both immediately available to the plants. There is no harmful urea remaining that must be flushed or leached in order to avoid root burn. With Dyna-Gro Nutrition Solutions™, plants have all they need for both strong leaves and stems and healthy roots.

**Grow™ 7-9-5** is an all purpose complete nutrition formula used to promote both foliage and blooms. Ideal for poor, rocky soils, container grown plants and hydroponics. Excellent as a rapid cure for nutrient deficiencies. If you are looking for a single formula to use all of the time on all of your plants, this is the one.

### Analysis of Liquid Grow 7-9-5

Total Nitrogen (N) . . . . . 7.0%	Chlorine (Cl) . . . . . 0.1%
2.6% Ammoniacal (NH <sub>4</sub> )	Cobalt (Co) . . . . . 0.0015%
4.4% Nitrate (NO <sub>3</sub> )	Copper (Cu) . . . . . 0.05%
Phosphorus (P <sub>2</sub> O <sub>5</sub> ) . . . . . 9.0%	Iron (Fe) . . . . . 0.1%
Potassium (K <sub>2</sub> O) . . . . . 5.0%	Manganese (Mn) . . . . . 0.05%
Calcium (Ca) . . . . . 2.0%	Molybdenum (Mo) . . . . . 0.0009%
Magnesium (Mg) . . . . . 0.5%	Nickel (Ni) . . . . . 0.0001%
Sulfur (S) . . . . . 0.05%	Sodium (Na) . . . . . 0.1%
Boron (B) . . . . . 0.02%	Zinc (Zn) . . . . . 0.05%

## Plant Care System Features

Long spout  
for better  
flow control.

High quality pump  
for accurate dosage  
every time.

Snap in bottle for  
easy replacement.

Ergonomically designed with a  
low center of gravity when filled  
with water for ease of use.

## Available in Two Sizes

3 quart feeding can with 10 oz bottle of  
Dyna-Gro Grow 7-9-5 plant food.

1.5 gallon feeding can with 20 oz bottle  
of Dyna-Gro Grow 7-9-5 plant food.
